Objective

Passionate about Artificial Intelligence and eager to contribute as an AI Ambassador by promoting AI awareness, organizing impactful events, and fostering innovation in the department. Motivated to bridge the gap between cutting-edge AI developments and student learning while supporting national AI initiatives.

Education

Bachelor of Technology (B.Tech) in Computer Science & Engineering (AI & Analytics)
MIT ADT University, Pune | 2023 – Present|
Current Year & Division: [SY & 3]

Relevant Experience

Event Organization & Leadership

Organized 1–2 technical events as an IEEE student member, including AWS-related workshops and awareness sessions.
Coordinated AR-VR club events (Mirage), enhancing student engagement with emerging tech.
Actively participated in the organization of AWS events in the college as a club member.

Participation in Competitions & Hackathons

Participated in Smart India Hackathon (SIH) and Shodh event hackathons, working on real-world problem statements.
Engaged in various departmental and club technical events fostering a collaborative learning environment.

AI & Tech Meetups

Attended AWS AI Meetup 2025, gaining insights into the latest AI trends and industry applications.

Technical Skills

Programming: Python (basic to intermediate)
Web Development: HTML, CSS
AI/ML Tools: Familiarity with AI platforms and frameworks
Cloud Platforms: Experience with AWS events and basic cloud concepts
Collaboration Tools: Discord, Telegram, WhatsApp for tech group coordination

Projects & Initiatives

Contributed to AI-related club activities; helped in planning the launch of the department's AI Club (permissions near approval).
Brainstormed ideas for AI awareness drives and student engagement initiatives aligned with National AI Mission goals.

Achievements & Certifications

Successfully organized multiple tech workshops as a club member.
Participation certificates from SIH and AWS AI Meetup.
